BODY OPTIONS 

WWW.BEAUROC.COM

Beau-Roc Inc. is the leading premium steel dump body manufacturer and has been building cutting edge designs since 1984. Beau-Roc manufactures a wide variety of dump bodies ranging from our One-Ton Ultra body, to our Extreme Heavy Duty Multi-Purpose/Clean-Up body, and everything in between.

Our Diamond body line, first introduced in 2004, has changed the way that many look at a dump body. Our Diamond Lightweight (DL) is the most versatile body on the market today. Its innovative design uses multifaceted sides without posts. The DL's light weight and extraordinary toughness make it the choice of the industry.

Our mission is to become the reference company to which all others are compared. To achieve this, our goals are leading edge design, quality, and improved partnership with our suppliers, and especially with you our clients.
